10 Partners List (including partners with NDA agreements)

Global Hotel Partners

Global B2B Partners

Set multi rate & allotment

Various rates/inventory types can be set according to sales purpose using CMS, Extranet, and Channel Admin.

Various sales from a single setup.

By registering hotels and setting rates/inventory in the OHMY system, sales can be made through various types of channels such as B2C, B2B wholesale, and B2B closed mall at once.

Easy to set up Plans

After selecting the room type, you can choose multiple options such as Eco Plan, Early Check in, Late Check out, no Parking/Free Upgrade, Free Breakfast, etc.

Easy to set up Promotions

After selecting a room plan, you can set up hotel packages such as early bird, last minute, consecutive nights, and Nth free night. Reservation/stay period and cancellation policy can be set separately by each promotion

Selling Dynamic Package

Dynamic package products that combine flights, ticket passes, and tour activities, and dynamic package rates can be sold for these combined products/ members only/ closed malls only.

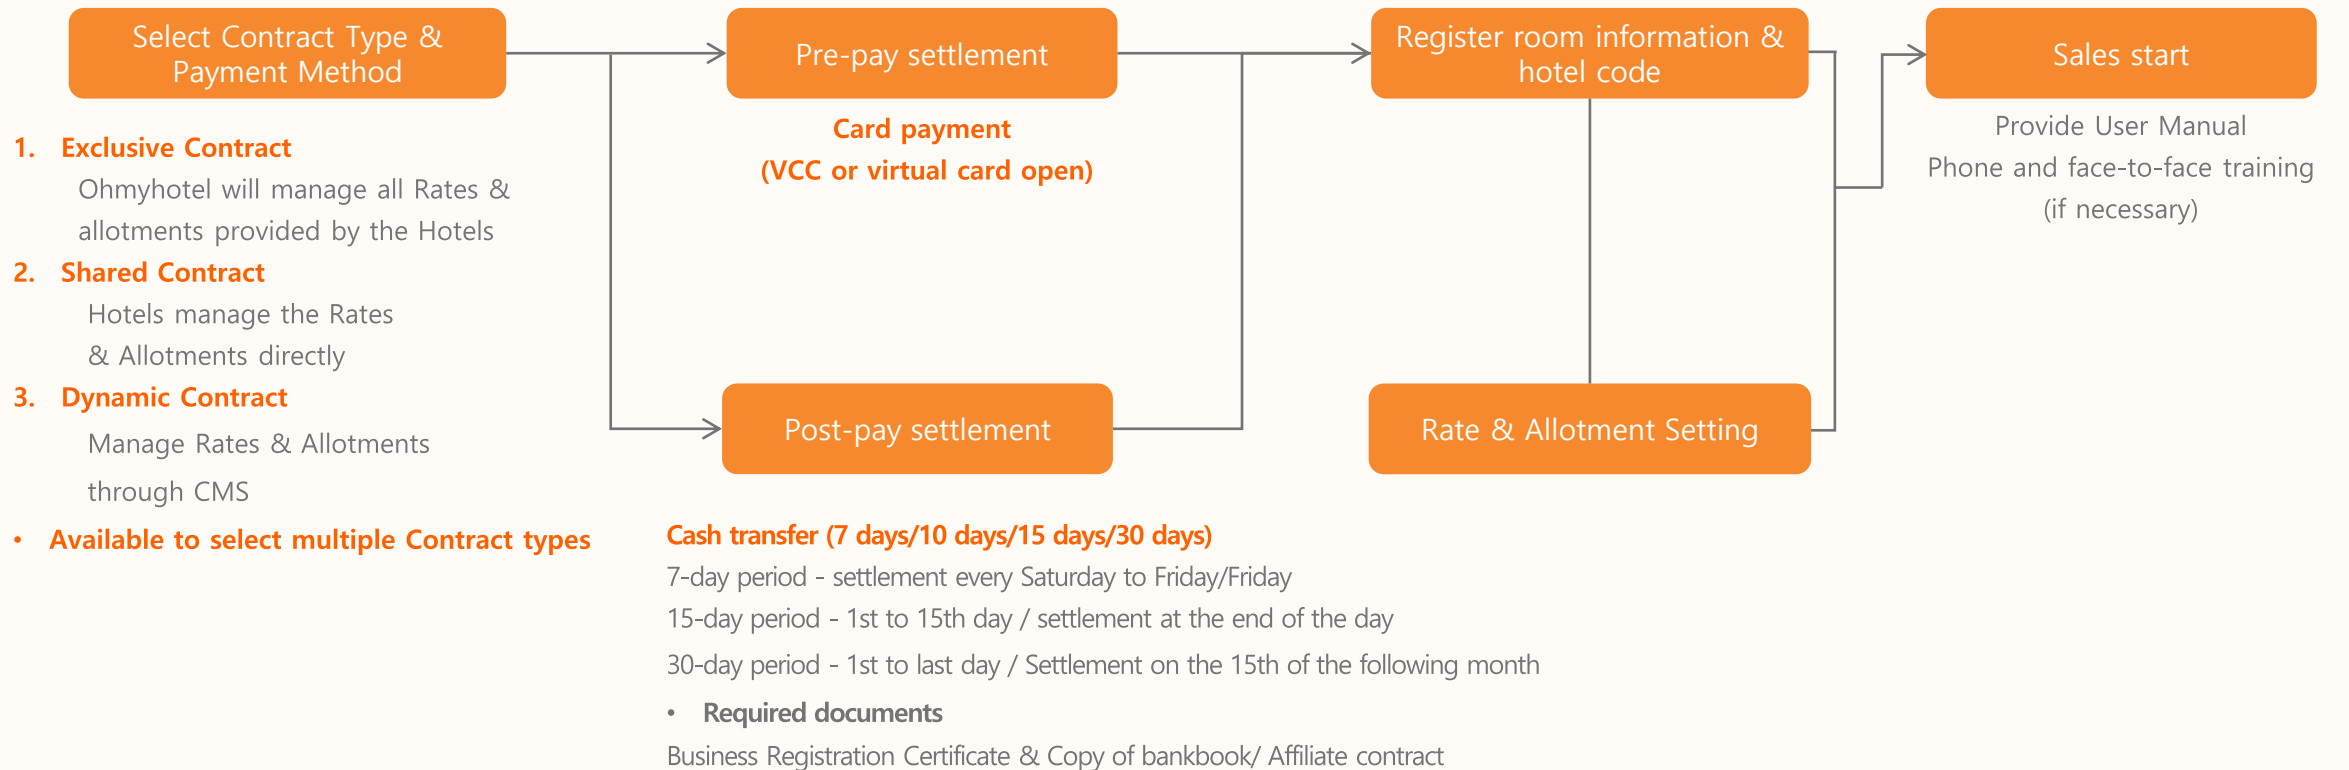

Expand sales through OHMY SaaS

Through the SaaS system implemented in OHMY V2.0, we can expand our sales to local OTA / Travel Agency in the form of CMS / CMS Switching in addition to our B2C and B2B sales.

12 Ohmyhotel.biz

Ohmyhotel.biz partner registration process

Various promotions and content management

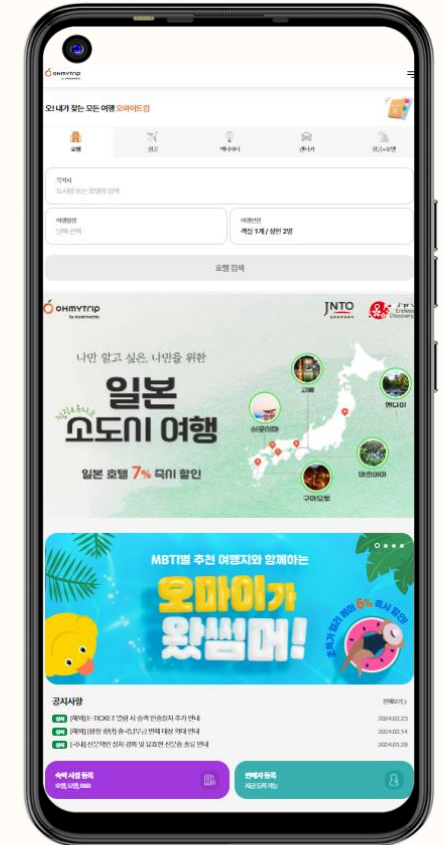

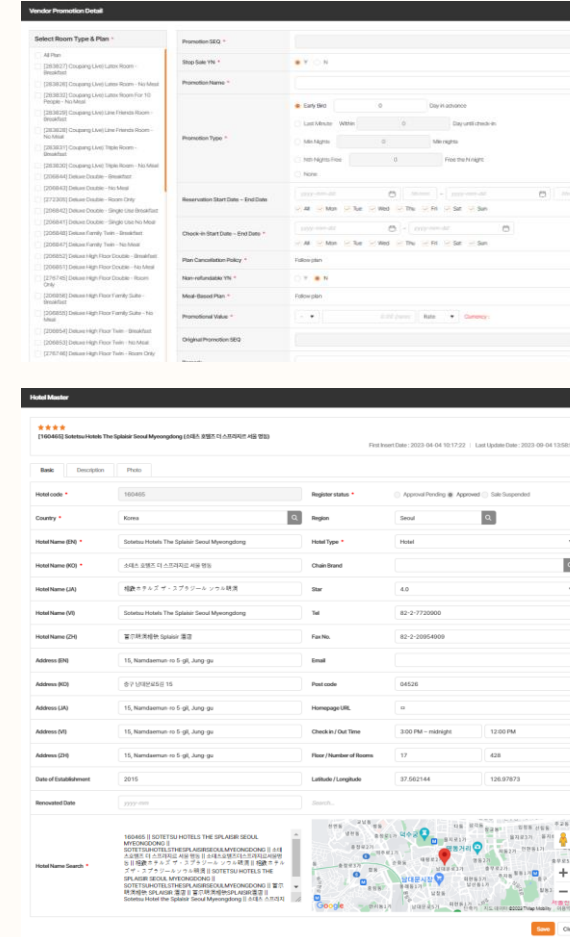

Various promotion settings

- Promotions can be set for each product plan
Non-refundable, consecutive nights, early-birds, last minute, special, dynamic packages, mobile discount, amount setting, etc.
- Various promotions can be easily set up with a single click
- Upload promotion images & write detailed descriptions
- Can be adjusted by discount rate or amount

Content management

- Able to edit basic hotel information and facility information
- Photos can be uploaded and edited

Simplified Rate and settlement management

Control Rate & Allotments

- Register and manage the rates by room type and plan in a calendar format
- Check the rates of each room type and product plan, making bulk changes for certain period or each date, etc.
- Check the rates of on-going promotions
- Check the number of remaining rooms by room type and product plan, adding allotments or Stop-sell

Settlement management

- Filter reservation list & confirm the settlement amount by the settlement cycle
- Check & confirm the settlement of each channel
- Based on the check-out date

Rate & Allotment x
